

School Council Meeting 13th January

At today's school council meeting we carried out our first book scrutiny.

We looked at PSHCE class books. We had to think about presentation, activities, strengths and development. (Mrs Burnip explained that strengths was our pink comment and development was our green comment.) We enjoyed looking at the books from different classes.

At our next meeting we are going to look at SRE resources. We would like to start looking at other subjects too.
